DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 20c and 60c jars; hospital size \$2.50.

FRANK B. McILROY OF HAMMOND Republican Candidate for SENATOR

In making my announcement as a candidate for Senator I deem it my duty to briefly but frankly state the principles upon which I stand, and which will govern my course, if I am elected by your generous suffrages a seat in the Senate of Indiana. These principles compressed into the narrowest compass are as follows:

I declare for state rights and individual liberty, I believe in the support of state sovereignty and local self-government. I am opposed to the National and State Prohibition act, because the people were denied any direct voice in its ratification or rejection, which is an infringement on personal rights.

I am opposed to the present obnoxious Tax Law, and if I am honored with a seat in the senate I will do all in my power to enact a new tax law that will be just and equitable to all taxpayers, whether large or small. I am opposed to the taxation of the poor whose personal property is valued at less than \$500.00. I believe in taxation justly proportioned to such an extent only as is necessary for maintenance of government economically administered.

I favor a just and liberal appropriation to the American Soldiers of the world war, maimed or injured while fighting somewhere in France or upon the high seas to make the world safe for Democracy. I believe that each state should take care of their own. We owe the American Soldier a debt of gratitude that we can never repay.

Labor: The difference from times immemorial between capital and labor lies in the development and acceptance of the sharing of profits. Capital is dependent upon labor and labor upon capital. There must be co-operation between the employer and the employee—harmony must exist for the happiness and prosperity of both.

I believe in and stand for the rule of the people, and I invite all men, who so believe, to stand with me to the end.

Frank B. McIlroy

Think what Labor owes to Him!

UNTIL His thirtieth year the Master was the Carpenter of Nazareth.

Could He possibly forget those carpenter years when the years of His ministry began? Could the men who labor with their hands ever be far from His thought and prayers?

To such men, oppressed and driven, men bent by toil, with hopeless hearts, He spoke a phrase that flamed with power.

"You are sons of God," He told them.

Sons of God—brothers of their rulers and employers; with an equal right to happiness, to comfort and opportunity. All the hopes of Labor in all the centuries had their beginning in that splendid thought.

The Churches cooperating under the name of the Interchurch World Movement offer the program of the Master; and His Golden Rule.

"Whatsoever ye would that men should do to you, do ye even so to them."

By that rule the industry of the future must be directed. Its products must be not merely goods, but good; not merely wealth but happiness and character and joy.

If you believe these things, you believe in one of the fundamental purposes of the Churches and of their agent, the Interchurch World Movement.

And you have this month your chance to help. Whether you labor with hand or brain, whether you are inside the Church or out, you are a sharer in the benefits of the influence of Jesus Christ.

Help to make that influence the ruling spirit of the modern world. Help to make industry a spiritual enterprise, where men shall work together not in envy but in mutual respect—as brothers all, and "sons of God."
